VERSION 1.0
OCTOBER, 2026
成都寰桥企业管理咨询服务有限公司

WHERE IT SITS

FEELS

crafted steady warm

THE IDEA

The mark is a dovetail joint (燕尾榫): two pieces of wood that lock together without nails or glue. Each piece stands for one of the two companies.

ONE LOUD THING

Two-tone joint tile on timber

THE MARK

Dovetail joint (燕尾榫)

WHERE IT DIFFERS

Measured competitors: XTransfer #fe6c04 · Ueeshop #0db083 · Xunpanyun #4876ff

Logo

The symbol + wordmark is the primary logo. Use it wherever the space allows; every other version is derived from it.

CLEAR SPACE

Keep at least $x = 1 \times$ the wordmark's cap height free on every side. (inferred from the drawing; confirm before print)

- Use the supplied files in kit/logo; never retype or redraw the wordmark.
- Scale proportionally, from the corner.
- The guide lines show the cap height and baseline the lockup is aligned on.

Logo

Pick the version by the space, not by taste. When the primary logo would render smaller than 20 px tall, switch to the symbol.

Primary

Horizontal lockup. The default for headers, documents and signage.

Stacked

For square and narrow spaces where the horizontal lockup gets too small.

Symbol

On its own only where the brand is already named nearby: avatars, app icons.

Favicon

The symbol on the primary colour at 48, 32 and 16 px.

 **GES**
20 px · smallest on screen

 **GES**
7 mm · smallest in print

32 px · symbol

16 px · symbol

Every logo part keeps at least 3:1 against its ground. Where the colours cannot, the logo switches to one colour.

Colours

Band heights show how much of each colour a typical page uses. Large areas take the ground and primary; the accent stays small.

PRINT

Screen values are exact. For print, ask your printer for CMYK/Pantone matches made with their profile; the Lab D50 values are the reference to match against.

TINTS

80, 50 and 20% for charts and backgrounds only, never for text.

We build AI systems for US companies and English websites for Chinese factories.

Global Edge Strategies is a Wyoming company, and its sister company 成都寰桥 is in Chengdu. Ryan Kearney runs both.

Before he built software, Ryan coordinated US import operations at a freight forwarder.
